Updated Feb 6, 2006

The following is a preliminary draft of the 2nd edition of *Syntax: A Generative Introduction*. The second edition should be forthcoming in Forthcoming in Fall 2006. You are welcome to use the following PDFs in your classes **FOR THE SPRING SEMESTER OF 2006 ONLY**. Permission to use these PDFs expires in May 2006.

Although you may use these PDFs in your classes, *I'd encourage you to order the 1st edition for your students anyway*. These PDFs are very much a first draft, and may well contain errors/inconsistancies that are not present in the 1st edition.

Comments and corrections on these draft chapters is very welcome! I am also looking for additional problem sets. Please contact me at carnie AT u DOT arizona DOT edu
